But it's a turf battle...

*Note: Janken is the Japanese equivalent of rock paper scissors.
By force!

Are they gonna be okay...
Huh?
Hmph.

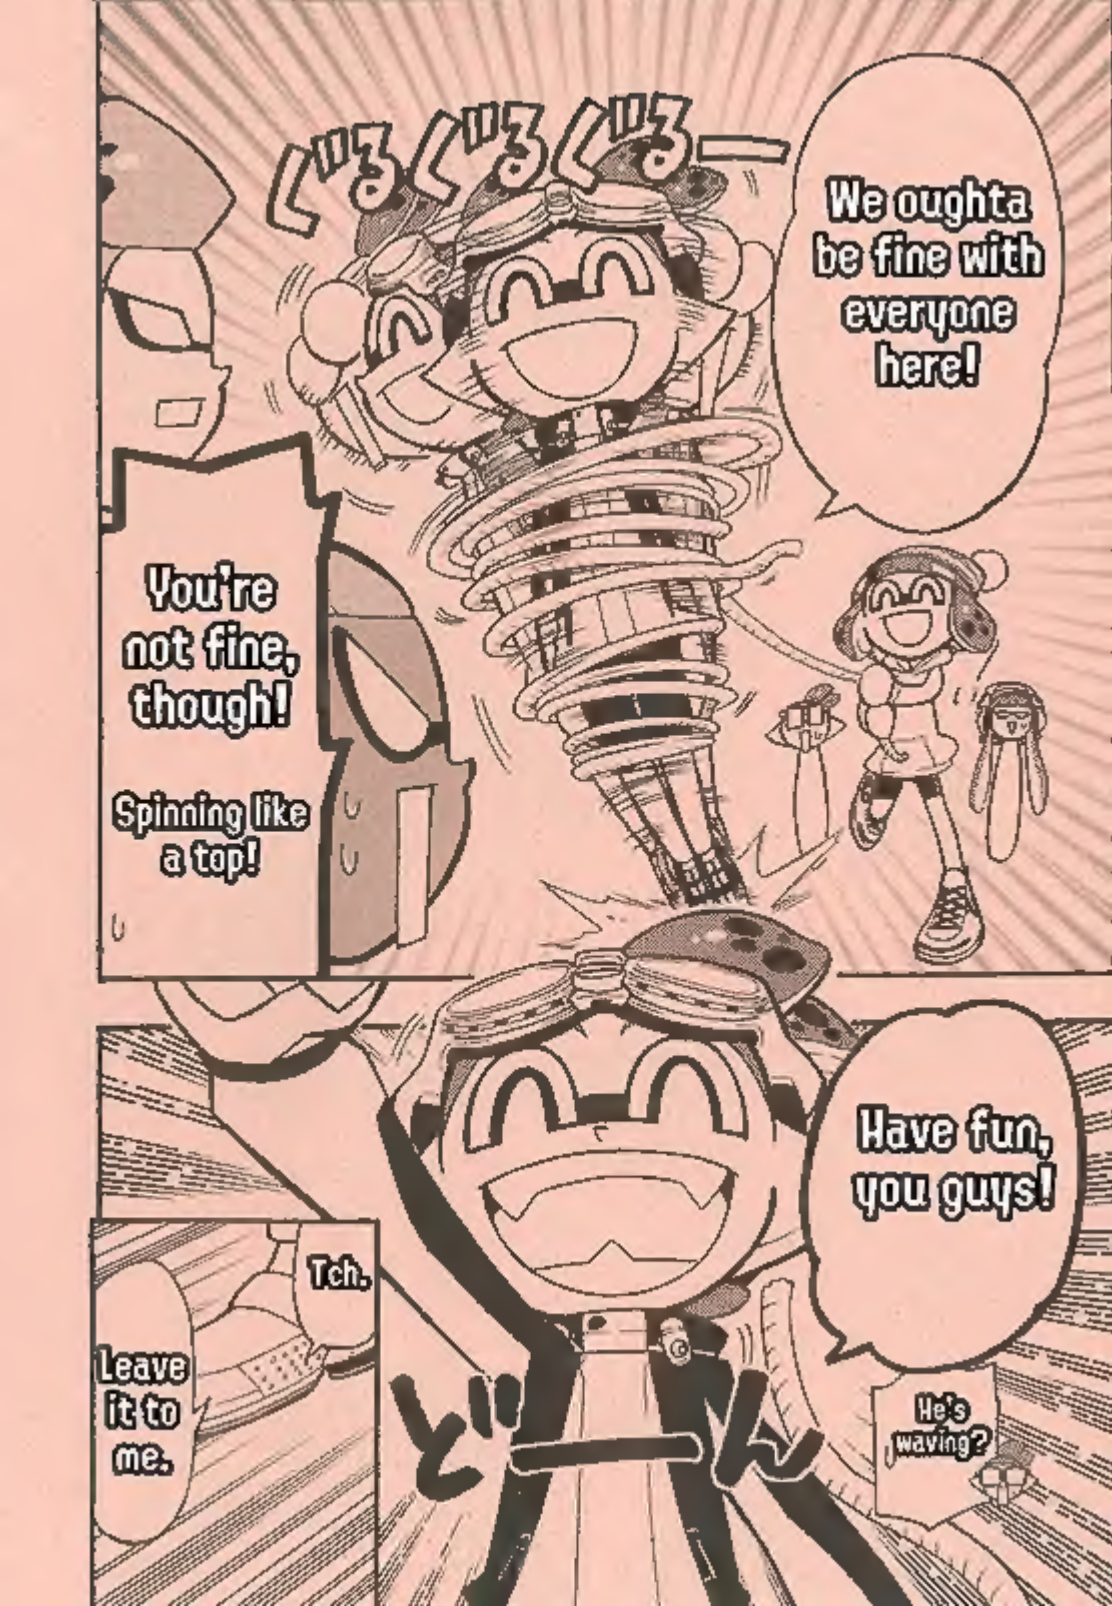
Agh!
We're heading to the next stage....
...using the shadows.
We won't hand it over easily.
The square belongs to everyone.
Do your best!
Hm... If we win here, Lil Judd and the square will be saved!



We oughta be fine with everyone here!
You're not fine, though!
Spinning like a top!
Have fun, you guys!
He's waving?
Tch.
Leave it to me.

Since we have a king and conquerors, it's the Supreme King Team.
Let's go.
Go for it!

## Wahoo World

I've prepared the shadows.
Let's begin.

This stage will be an exciting battle, with varying areas and elevations!
In a Turf Battle, whoever paints the most area wins!

However...

Did your eyes deceive you?

ドドドド
Shadow Team's taking the opportunity to paint!
Are the Supreme King Team in trouble!?
Shit!
If we get splatted then let's just splat them back.
Let's stop them.

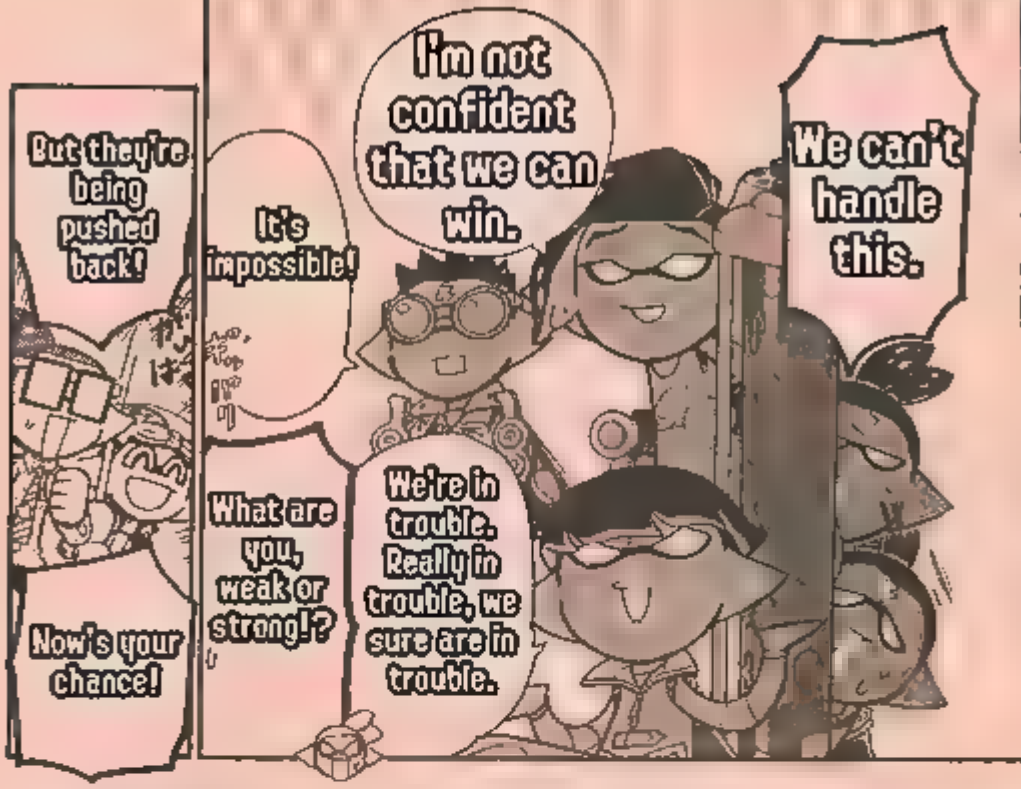
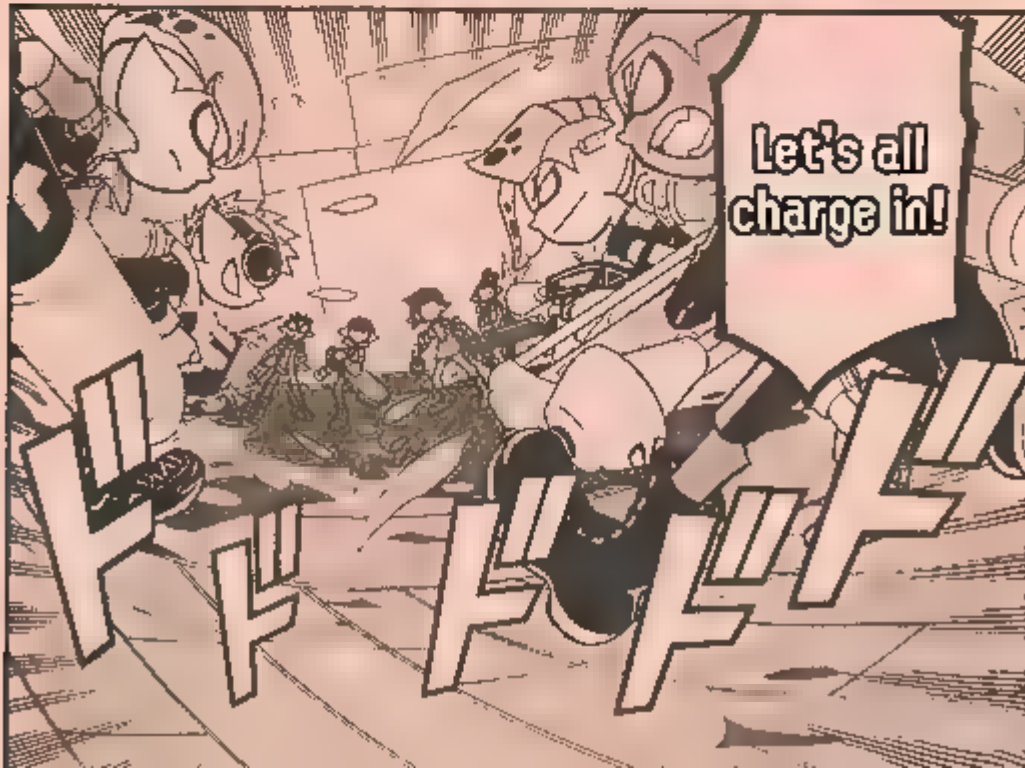
ドゴゴゴ
Ohh!
Supreme King Team are holding their ground!
Their teamwork isn't bad!
They have stiff shoulders!? Loosen up!?
And they're inflexible.
Even though they don't seem to get along.
Shut up! Not like that!
Hm.
It's because we learned that power isn't everything.
Hyeh!





Let's all charge in!
